i. Hollander/Mt. Zion Affordable Housing Project

The Hollander/Mt. Zion Affordable Housing Project is a senior housing project in partnership with Hollander and Mt. Zion Church. The developers have secured their Low-Income Housing Tax Credits (LIHTC) with the State, and they have over \$1,000,000 of their own funding. In their presentation, the Hollander developers explained they need this funding to assist with their gap financing. Most units will be for 60% or less area median income (AMI), 9 units will be above 60% AMI. The project is a total of 70 units. They need \$410,000. This will be a 40-year affordability project due to the inclusion of LIHTC. This would support 7 units with HOME funding.

The request now is \$500,000 in HOME funding towards the Mt. Zion Affordable Housing project, an increase from the original \$410,000 that was approved by CDAAC previously. The reason for the increased request is because the Hollander developers were unaware that additional funding was available, but this funding is needed to fill the gap financing for the project.

A motion was made by Nathan Browning to increase the funding for the Hollander/Mt. Zion Project by \$90,000 at 6:12 p.m. The motion was seconded by Tiffany Burns.

Before a vote was made, Stephanie Vallar expressed concerns with the project, stating that the Northside Master Plan does not align with this project. The Northside Master Plan does not include a need for rental housing, and Ms. Vallar did not think the residents of the neighborhood at large would approve of adding additional affordable rental units. Nathan Browning asked if Hollander would want to address these concerns to the group before a vote was taken.

Mr. Hollander agreed that homeownership should be a priority, but in this case this project was offered by Mt. Zion Baptist church, a community organization, presenting a need for affordable senior housing in the area. He noted that the LIHTC program is not the same as a Section 8 program.

A voice vote was taken to approve the motion made by Nathan Browning at 6:12 p.m. and seconded by Tiffany Burns. The motion was approved with two votes in favor and one vote against.

h. Neighborhood Representatives/Members' Reports (10 min.)
